

Popcorn

OPERATING INSTRUCTIONS

For Handi-Pak Popcorn Kit

- Turn on kettle switches
- Preheat cold kettle 3-4 minutes.
- Cut top edge of packet and empty entire contents (kernels and oil) into kettle. Close lid.
- Empty kettle immediately after popping stops.
- Always pop at least 5 batches each time you pop.
- On last batch, turn off kettle halfway through popping cycle to eliminate smoking.
- HINTS: to reduce popcorn breakage, empty popper immediately after popping stops and carefully fill containers.
- WARNING! Keep kettle switch "OFF" when not popping.

How to Clean

- Immediately after use, while kettle is still hot, remove pot from unit and empty remaining contents, then fill with hot water.
- Pour Heat-n-Kleen powder in kettle (provided by us) and follow directions on jar – just 1 capful per cleaning!
- Disassemble metal trays- wash with hot, soapy water, then rinse.
- Wipe down ceiling, windows and doors, both inside and out, with hot, soapy water, then rinse.
- Dry each piece and re-assemble entire unit for transportation.

How NOT to Clean

- Do NOT use any glass cleaner (i.e. Windex) or other ammonia cleaners on Plexiglass.
- Do NOT use chemical cleaners on metal – they may be corrosive

Refundable Cleaning Retainer - \$35.00
