ADDITIONAL ITEMS FORE TENT											
Head table: multiply # of people x 20 sq feet											
4' round tables (i.e. cake) = 50 sq feet											
5' round tables (i.e. stations/escort cards) = 75 sq feet											
6' rectangular tables (i.e. guest book/escort cards) = 100 sq feet											
Musicians generally require approximately 30 sq feet per musician											
DJs generally require 100 sq feet											
6' Bars = 100/150 sq feet											
Dance floor calculation is typically 4-5 sq ft per person, but not all guests will dance at once
